ACKNOWLEDGEMENTS

At GRANN, we are committed to nurturing a world where Autistic & Neurodivergent individuals are not only accepted but affirmed in their unique strengths and identities. True inclusion goes beyond awareness – it is about pride, empowerment, and ensuring that every person has the space to thrive authentically. We recognize that systemic change is necessary to break down barriers and create opportunities that embrace Autistic & Neurodivergent individuals in all aspects of life.

**CHANGING
THE LANDSCAPE**

The Changing the Landscape Statement is our way to fight for all LGBTQIA+SB people whose lives have ended too soon through suicide. We remember their lives, their struggles and forever their place in our communities.

GRANN acknowledges the Bailai, Gurang, Gooreng Gooreng and Taribelang Bunda people who are the traditional custodians of this land and pay respect to Elders past, present and emerging. We extend that respect to other Aboriginal and Torres Strait Island people in our region.

GRANN FOUNDATIONS

VISION

To create a thriving Gladstone community where Autistic and Neurodivergent individuals and their families are empowered, included, and celebrated. By nurturing understanding, advocating right-based frameworks, breaking down barriers, and championing neuro-affirming approaches, we envision a future where diversity is embraced as a strength and every individual has the opportunity to flourish.

MISSION

To empower and support Autistic and Neurodivergent individuals and their families within the Gladstone Region by nurturing inclusion, understanding, and opportunities for growth through community engagement, advocacy, and neuro-affirming programs tailored to diverse needs.

VALUES

1. Empathy and Inclusion: Nurture acceptance and understanding of Autism and Neurodivergence across the community, celebrate diversity and strive to create spaces where all individuals feel valued, respected, and supported.
2. Equity and Accessibility: Advocate for barrier-free access to education, employment, and cultural opportunities.
3. Collaboration: Partner with local organizations, schools, community members and stakeholders to achieve shared goals.
4. Empowerment & Autonomy: Support neurodivergent individuals in leading initiatives, independence, contributing to community decision-making, advocate for autonomy and the right of Autistic & Neurodivergent individuals to live fulfilling lives.
5. Community: We build strong networks of support, nurturing understanding and collaboration within and beyond our region.
6. Innovation: We embrace adaptive and creative approaches to address the unique and individual needs of our Autistic & Neurodivergent community.
7. Neuro-affirming: Champion the strengths, interests, and abilities of Autistic and Neurodivergent individuals, promoting positive self-identity and self-acceptance. Encourage practices and policies that respect and validate unique experiences, ensuring Autistic & Neurodivergent voices and perspectives are central to any discussions relating to them.

GRANN GOALS & FRAMEWORKS

STRATEGIC GOALS AND OBJECTIVES

Advocacy and Awareness Objective: Increase public understanding of Autism & Neurodivergence, and challenge misconceptions. Strategies: Host community workshops on autism and neurodivergence. Conduct public awareness campaigns, leveraging social media and community events. Engage with policymakers to influence neuro-affirming policies.

Inclusive Community Programs Objective: Partner with community to co-design accessible initiatives that meet the unique needs of Autistic & Neurodivergent individuals and their families. Strategies: Offer peer-led support groups and educational resources. Establish creative and interest-based workshops such as art programs and leadership development. Address community sensory needs by providing accommodation options at events.

Building Partnerships Objective: Strengthen collaborations to enhance resource delivery and community engagement. Strategies: Collaborate and partner with various local businesses, institutions, mentors, to create 'life-choice' pathways for Autistic & Neurodivergent individuals. Collaborate with educational institutions to promote neuro-affirming learning environments. Develop inter-agency networks for resource sharing and referrals.

Leadership and Sustainability Objective: Ensure GRANN's long-term impact through effective governance and sustainable practices. Strategies: Expand long-term membership and volunteer base. Secure ethical funding through grants, sponsorships, and partnerships. Establish a hub to centralize resources and provide support tailored to local needs. Establish a Social Enterprise to build capacity and autonomy of Autistic & Neurodivergent community and champion individual needs.

IMPLEMENTATION FRAMEWORK

Year 1 -2 (2024-5)

- Conduct community information and advocacy sessions.
- Pilot peer groups (e.g., art, networking, social meets) for autistic and neurodivergent participants.
- Develop partnerships with organisations and businesses for neuro-affirming initiatives.

Year 2-3 (2025-6)

- Implement groups and programs focused on inclusivity and shared-interests.
- Build a robust volunteer network and promote the interests of Autistic & Neurodivergent individuals.
- Co-design GRANN workshops to deliver to community.
- Develop a resource hub to connect individuals and families to services.
- Establish a Social Enterprise to help achieve the aims above.

Year 3-4 (2026-7)

- Scale successful programs to a wider audience.
- Introduce 'life-choice' pathway opportunities for Autistic and Neurodivergent community.
- Expand partnerships with organisations and businesses for neuro-affirming initiatives.
- Review and adapt strategic goals based on community feedback and impact evaluation.

MESSAGE FROM CO-FOUNDER

As we reflect on the year that was GRANN's journey during 2024, I am filled with immense pride and gratitude for the vibrant, diverse, and passionate autistic and neurodivergent community we are building together. At GRANN, we don't just advocate for inclusion—we are actively working to create spaces where autistic and neurodivergent individuals are celebrated, supported, and empowered to thrive on their own terms.

Being neuro-affirming means embracing authenticity, rejecting outdated stigmas, and championing the unique strengths of our community. GRANN exists to remind every autistic and neurodivergent person that they are enough exactly as they are. Together, we will continue to challenge misconceptions, push for systemic change, and build a future where autism and neurodivergence is seen not as a deficit, but as a natural and necessary part of human diversity.

GRANN looks forward to launching vital peer-led initiatives and expanding our advocacy efforts in the year ahead, continuing to break down barriers and nurture meaningful connections. We look forward to every opportunity to nurture a more inclusive world, one where autistic and neurodivergent voices are not only heard but valued as an essential and natural contribution to society.

Thank you to everyone who has contributed to this movement, whether by showing up, speaking out, or supporting GRANN in any way. Your presence and participation make all the difference. We look forward to meeting new friends, community members, and disruptors this year. So here's to another year of growth, advocacy, and celebrating autism and neurodivergence in all its forms!

In Solidarity,

BEE AUSTIN

2024 FINANCIALS

In 2024, GRANN remained committed to financial sustainability and ethical resource management, ensuring that our initiatives support the Autistic & Neurodivergent community without imposing capitalistic expectations. We recognize that many in our community face systemic barriers, which is why we will never ask individuals to contribute beyond their capacity - whether financially or through unpaid labour.

Our focus is on sustainable growth, so in 2025 GRANN will be seeking funding through grants, ethical sponsorships, and partnerships that align with our values. By prioritizing accessibility and long-term impact, we continue to expand our advocacy efforts, strengthen community support, and nurturing inclusion - without placing undue burden on those we serve.

We extend our gratitude to those who have supported us in ways that are meaningful and manageable for them. Together, we are proving that a community-driven movement can thrive without exploitation, but with collective care and shared progress.
